9:00 AM to 4:00 PM

DISRUPTIONS TO WATER SERVICE ARE EXPECTED TO BE MINIMAL

You may experience some of the following in a very limited capacity:

- Water pressure may be temporarily reduced.
- You may experience discoloration of water and some sediment. If so, run water up to five to ten minutes - this should clear it up.
- Refrain from using a washing machine during this time.
- There may be temporary water interruptions.

If you have any questions or required additional information please contact the SLRD, Utilities & Environmental Services department at 604-894-6371.
